

## INFORMATION SYSTEMS

### Pass/ Fail Policy- Spring 2020

Gateway Courses	Major Grade required	Program Accepts 'Pass'?
IS 300	B	No. Accepting a C or above
IS 310	B	No. Accepting a C or above

### Other Decisions/Concerns:

<b>Will the program waive a Spring 2020 class as an attempt?</b> Yes. Sp20 attempt not counted against allowed attempt.
<b>Will the department accept a P in a prereq for a course?</b> No, except as noted below.  <b>This is our policy:</b> For Spring 2020, while a grade of 'P' will be counted toward degree requirements for the IS major/BTA major/IS minor/certificates, a grade of 'P' cannot be used to satisfy a prerequisite for another course.  To satisfy a prerequisite, a grade of 'C or above' will be expected. For a course that is offered by another department and is required for the IS/BTA major/certificates, we will accept a 'Pass' grade in the course as meeting major/certificate requirements and as satisfying prerequisites. We will apply the same rule for an equivalent transferred course.
